Nice to know you have no difficulties to provide documents asked...

When should I expect them to come to me?

Hi Mr Fatekh.

yes, since we start working as a company, we have to comply with all state and city codes about all debris from roof, and we used a landfill site that comply with all city and state ordinance, and here is the receipt.

thanks

Felizardo

Felizardo,

Having such a remarkable consultant as Lorenzo, you should know both State California and City of Palo Alto want to recycle all building debris or refuse...

During roof installation your company use to take from my site several loads of crap mentioned.

So, would you please provide Recycle yard(s) receipts or other evidence debris was recycled according to Codes?

Thanks
