Felizardo,

You do know my concerns, like:

1. Color stains at stucco as the result of rain water overflow you gutters without downspotes installed in time. And you do know how much it may cost to fix these (Read quote of the stucco company, please).
2. Downspotes un-professional paintinf into white color... And you do know how much it may cost to fix these after you remove said downspots (Read professional painter qoute), which were installed voluntary, i.e. without my preliminary permission...

After you'll resolve problems, mentioned above, you create good reason for our meeting...

Thanks

Fatekh Vergasov

Subject: Walk Thru

Hi Mr Fatekh

I would like to meet with you at the property located on 470 Ruthven Ave, in Palo Alto.

we want to do a walk thru inspection to make sure that everything is ok with you. and if something is wrong we can fixed before final inspection from the city inspector

we appreciate your cooperation at this matter.

Thank you.

best regards

Felix
